Polyglot Founder Receives “Health Care Heroes” Award

MORRISVILLE, N.C. – Polyglot Systems, Inc., announced today that its Founder and President, Dr. Charles Lee, will receive the *Triangle Business Journal’s* “Health Care Heroes” Award for 2007. Dr. Lee, who was nominated for this award by patent attorney Kevin Flynn of The Eclipse Group, founded Polyglot in 2001 with the vision of creating software technology that would overcome many of the frustrations posed by language barriers, particularly in healthcare environments. “I was very surprised and honored that I was chosen,” said Dr. Lee upon receiving notification of the award. “I hope this will be seen as a validation of the importance of Polyglot’s work in improving every healthcare worker’s ability to communicate with patients who cannot speak English effectively.”

The “Health Care Heroes” award ceremony will take place on Thursday, March 29, 2007 at the Umstead Hotel in Cary, NC. Planning to attend the awards ceremony with Dr. Lee are his wife Elaina, Mr. Flynn, and Ed Kavanagh, Polyglot’s VP of Technology.

About Polyglot™
